

## Give With A Direct Debit: GWADD

**GWADD (Welsh: "invite") –we invite you  
to change your method of  
Planned Giving  
to the Archbishop of Wales Fund for Children from April 2002**

Now that new Gift Aid regulations are effective, consider making your regular donation to **The Archbishop of Wales Fund for Children** by **monthly Direct Debit**. The features are as follows:

The giver, completes a declaration that is effective for claiming tax back under the new Gift Aid regulations. This requires.

- ❖ full name, address, and postcode, statements that the donations are to be treated as Gift Aid and that sufficient tax is paid;
- ❖ the amount to be donated to the Church's work with children through **The Archbishop of Wales Fund for Children** on a monthly basis;
- ❖ signature of a Direct Debit mandate giving the RB the authority to collect your gift from your bank account on the **6th of every month**;
- ❖ instructions on whether the donation is to be increased annually in line with inflation;
- ❖ remember that **you can make any change** (such as an increase in the amount, a decrease, stop giving altogether, specify a different recipient) **simply** by writing to the RB in Cardiff;
- ❖ if you change your name, move your bank account, or stop paying sufficient tax to cover the amount reclaimed, you should notify the RB.

You will receive a letter **thanking you for your commitment** and reminding you of the key features of the process (we advise that you retain this document).

Following any change in details you will receive a new version of that notification. This includes us giving you advance notice of your monthly gift being increased from each April, if you have opted to keep it inflation proof.

Your gift is passed to The Archbishop of Wales Fund for Children **a few days** after it leaves your bank account.

The tax refund will reach The Archbishop of Wales Fund for Children (assuming the Revenue's standard of service to the Church does not deteriorate) **one month after** the gift is made.

No further paperwork is required of you - *unless you are a Higher Rate taxpayer*, in which case **you will also benefit** (the gift needs to be included on your Self Assessment tax return)

All other gifts you make to your Church will need to be supported by a separate Gift Aid declaration - they will also qualify for tax back, at the basic rate. Your Gift Aid Secretary will make those claims, in the normal manner for your parish.

**Accept our invitation to make  
your gift, the banking system,  
the RB, and the taxman,  
together, work  
for the benefit of YOUR CHOSEN CHARITY**
